Part of The Graduate School's mission is to ensure that our graduate students have the skills they need to succeed professionally as well as academically. With that in mind, our office and our campus partners provide a full range of professional development opportunities and resources for graduate students. You'll see them highlighted here each week. Get involved and grow!

Bloomberg Talk | For First Years, Sophomores, Juniors, Seniors, Masters and Ph.D. students

Friday, November 17
6:30 - 8:00 pm
138 - Lewis Library

Over 30 years Bloomberg has grown from offering data on a small set of US companies to covering virtually every company in the world. This data needs to be extracted, normalized and fed to the markets as quickly and accurately as possible. In this talk we will briefly cover how the most recent breakthroughs in Neural Networks have helped us to automate document
Rock Your Docs | Graduate Corner

Tuesday, November 28
7:00 - 9:00pm
Conference Room - Career Services

Need a resume? Want to upgrade your current CV? Applying to a job, internship, academic position or postdoc and want to review your materials before the deadlines? Stop by anytime between 7-9pm to talk to the Graduate Career Adviser for some assistance.

The Jackson Laboratory Information Session | Accelerate Your Career for Ph.D.s

Thursday, November 30
12:30 - 2:00pm
McCosh 004

The Jackson Laboratory, an independent, nonprofit biomedical research institution, is recruiting outstanding Faculty and Postdoctoral Associates for our expanding academic research campuses in Bar Harbor, Maine, and Farmington, Conn. Join our basic science research team and contribute to our important mission of discovering precise genomic solutions for disease and empowering the global biomedical community in our shared quest to improve human health. To learn more, visit jax.org/join.

REGISTER

All sessions take place in 330 Frist Campus Center unless otherwise noted.

Graduate Pedagogy Workshops

Wednesday, November 29
Talking about Teaching in an Academic Interview
3:30 - 5:00pm

While graduate students and post-doctoral fellows receive ample opportunity to present their

Graduate Learning Program

McGraw Center Graduate Student Academic Consultations

Trained Ph.D.s and advanced Ph.D. students from a variety of disciplines can collaborate with you to develop an individualized approach to graduate school that draws upon your unique profile of
doctoral research in forums such as departmental colloquia or national conferences, they rarely talk about teaching and pedagogy in such public settings. As a result, they may lack the preparation for speaking about their teaching in compelling terms when it may count the most: the job interview. This workshop gives participants the chance to begin—or refine—that preparation as they anticipate a campus visit. Co-sponsored with the Office of Career Services.

Seating is limited; please RSVP by November 28 to reserve a space.

Wednesday, December 6
Preparing Your Teaching Demonstration for a Campus Interview
3:30 - 5:00pm

A campus visit invitation from a search committee is terrific news, but it often comes with the challenging request for a “teaching demo.” In this workshop, we’ll talk about what questions you should ask and how you can use the answers from a particular hiring institution to craft an effective demonstration of your teaching prowess. During the workshop, you’ll begin the process of planning an engaging lesson to highlight the strengths of your teaching for hiring committees and beyond.

Seating is limited; please RSVP by December 5 to reserve a space.

Office Hours at the Hub
(34 Chambers St.)

All Princeton graduate students seeking advice on entrepreneurship, finance & legal matters, business & marketing, and more are eligible to strengths and is tailored to the specific demands of your research, courses, teaching, and life. These confidential consultations focus on your personal priorities and tasks. Make an appointment here. Look for appointment slots which indicate “Graduate Consultant” next to the consultant’s name.

2018 eLab Summer Accelerator | Application Now Open
