Princeton University Graduate Consulting Club | Case Study Practice
Monday June 25th at 7 pm in Lewis Library Room 305.

For the next month and a half PUGCC will be going through the Wharton Case Book 2009. For Monday we will be starting with:
Case 1: Mexico City Airport Taxi Services
Case 2: Franchising Gyms
Case 3: Greeting Card Manufacturer
Case 4: UK Asset Manager

Please come prepared to give 2 of the 4 cases (it would probably be helpful to print out the cases you plan on giving). Below is a link to several case books including the Wharton 2009 one.

VersatilePhD | NYC Chapter Meeting
June 24, 4:00-6:00pm
Whole Foods Cafe, **Columbus Ave at 97th Street**

NYC VersatilePhD meetings provide monthly networking opportunities for humanities and social science PhDs, ABDs and students currently in PhD programs who are considering, or have followed, career paths outside of academia. We also welcome students of other disciplines contemplating diverse career paths.

This month's external speaker will be Melissa Epstein, PhD, MBE, CIP, Founder of NYC Versatile PhD and Director of Institutional Review Board, Albert Einstein College of Medicine, New York. We invite you to prepare a sixty-second "elevator speech" describing your post-academic/pre-dissertation story. After introductions, we will devote most of the meeting to informal networking and discussions regarding job search.

Join us on **Sunday, June 24th** (06/24/2018), 4:00 - 6:00 PM at Whole Foods Cafe on Columbus Avenue at 97th Street (convenient to the 1, 2, 3, and C trains) for next meeting of NYC chapter of Versatile PhD ([https://versatilephd.com](https://versatilephd.com)). Look for the sign on the table. Please RSVP by e-mail to nyc.vphd@gmail.com to reserve your spot, attendance is free of cost.

Our LinkedIn group includes about 536 members in New York City area and beyond who work in areas as varied as advertising, analytics, editing, electronics, the environment, ethics, ethnography, film, arts, finance, healthcare, history, law, marketing, museums, neuroscience, nonprofit, policy, publishing, real estate, strategy, teaching and translation.

**Lunch + Conversation | Grad Student Service & Civic Engagement at Princeton**

The Pace Center for Civic Engagement is hoping to learn more about the opinions of graduate students regarding service and civic engagement. How is service important to your research and teaching? To your Princeton experience more broadly? If service hasn't been important, should it be? How can the University support graduate students who are interested in service and activism?

Please join us for an honest discussion of these issues, featuring complimentary lunch from Tacoria. All, and all opinions, are welcome—no service experience required!

**Humanities and social sciences** students (including Woodrow Wilson) are invited to meet in **McCosh 40** (enter McCosh at door 4) on **Tuesday, June 26**, from 12:00-1:00.

**Natural sciences and engineering** students are invited for the next day, **Wednesday, June 27**, also from 12:00-1:00, at **58 Prospect Ave., room 308**.

If possible, please RSVP by Friday, June 22. Last minute drop-ins are welcome!

**Summer Workshops | Rutgers University**

The Rutgers University [i]OBS Program, funded by the National Institutes of Health, exposes life science PhD students and postdocs to a range of non-academic career options and empowers them to pursue their career goals. In 2014 Rutgers became 1 of only 17 schools in the country to be awarded an NIH BEST grant and iOBS programming has now expanded to all campuses of Rutgers as well as Princeton, Rowan, NJ Institute of Technology and Stevens Institute of Technology. iOBS maintains research as the primary graduate student focus, while offering programming to broaden students' perspectives, experiences and knowledge to facilitate pursuit of the diverse range careers.

### Pathways with a Ph.D. Plus Summer Boot Camp

**June 27 from 10-11:30am**

Your PhD can take you in many different directions, some of which you may have not even considered! Come hear from a panel of speakers including, among others, someone in business development, a postdoc in industry, a clinical researcher, editor of a journal, and someone who works for a non-profit to learn how they each took skills obtained in graduate school and apply them in science-related careers. To register, [click here](#).

### McGraw Center Job Opportunity | Graduate Student Fellow for STEM Undergraduate Learning Support

Do you want to share with Princeton STEM undergraduates the expertise you’ve developed around effective and efficient learning, problem-solving, and research? The McGraw Center’s Undergraduate Learning Program is seeking to fill a Graduate Student Fellow position to support undergraduate STEM students (with a particular emphasis on engineering students) in their coursework and independent research. The Fellow will develop content and deliver programming that enhances students’ learning and problem solving skills and strategies in STEM disciplines.

The STEM Fellow position is funded as an AI 3 (equivalent to a course preceptor). Work hours are extremely flexible. [To learn more, please contact Nic Voge at nvoge@princeton.edu](mailto:nvoge@princeton.edu).

### Carpe Careers | Finding the Information You Need

When you ask people you don’t know for career help, you may be surprised by how generous they can be, writes Victoria McGovern, who gives some suggestions on how best to reach out. [Read more...](#)
