Greetings Everyone,

I hope you are enjoying this beautiful Monday afternoon, it really feels like spring is coming! As many of you are aware, departments are currently welcoming admitted students to campus. We are very excited about these students joining the Princeton community and hope you are too. If you are interested in becoming a peer mentor to a first year grad student (outside of your department) for the 2019-2020 school year, please fill out this quick interest form at the following link https://goo.gl/forms/eOaq3r10phi6nOkn1. We will have a wonderful cohort of GSPers and they will need someone to show them the Princeton ropes or at least share their Princeton perspective as they navigate this both exciting and anxious time. We would love to have you as part of the ADI community of mentors. So sign up today!

Cheers to a wonderful and productive rest of your week!

All the best,

Dean Miller
**EMAILS/APPOINTMENTS**

Important Note:

The ADI Team is always happy to meet with graduate students! When making appointments with Dean Miller, it is much faster to call or email Sarah Mullins (smullins@princeton.edu; 609-258-9637) with your availability when making the initial request, it will make the process easier and more efficient. For appointments with Dean Gonzalez-Perez and/or Truelove, please email Joel Boggess (jboggess@princeton.edu). Similarly, if you have a routine question that you wish to send by email, please send it to both Sarah and me, and whoever can answer it first, will.

**UPCOMING RECRUITING**

National Conference for McNair Scholars and Undergraduate Research

March 14-17, 2019

If you are aware of any faculty, staff, students, and/or prospective students attending, please tell them to stop by the Princeton table and say hello! If you ever want to attend with us, send us an email! We welcome the opportunity to speak to underrepresented minority (HUGS/URM) and first generation students interested in graduate school!

**ADI Team Website & Social Media pages**

Check out the Diversity Tab on the Graduate School Website here.

It is a great resource for answers to questions that you may be looking for, while also housing links to important resources.

It includes important links to:

- Funding Resources
- ADI and other Campus Events
- Affinity Group Information
- And much more...

When I first told my parents I was leaving my job as an admissions officer to begin a doctoral program in history after just graduating from college a few years before, their first reaction was, “Why are you going back to school for so long instead of working to make money? And why aren’t you coming back home to California?” To immigrants who had spent years trying to make ends meet while raising three kids, the idea of not working so as to obtain another degree seemed, from their perspective, like a frivolous privilege.

Although I was committed to my own plan, I still understood their reaction. As I tried to come up with an answer that would satisfy their concerns, I fell back on a response that took advantage of their unfamiliarity with academia: “Well, I could make more money after I earn a Ph.D.!” Knowing that it wouldn’t likely be true, I felt it was the only way I could justify my decision to get a doctoral degree to my parents.

For some first-generation graduate students, the process of pursuing a Ph.D. can come with additional career and financial pressures from their families. Those expectations become more pronounced as they finish their programs and begin to transition to a career. In fact, whether you’re a first-gen graduate student or not, many doctoral students face pressures from their families to move closer to home; to provide support, financial or otherwise; or to pursue a particular kind of career that would guarantee stability, prestige or monetary reward. On top of that, some first-gen doctoral students also feel obligated to be in career roles that have impact on society, given their backgrounds. All of these pressures can make choosing and launching a career more stressful, since additional stakeholders are involved in one’s career decision making.

FELLOWSHIPS

Become a Diversity Fellow!

The Office of Access, Diversity and Inclusion is seeking Graduate Student Fellows to join our 2019-2020 team!

Our Diversity Fellows are integral members to the Access, Diversity and Inclusion team and are the foundation of our student community. As a Diversity Fellow, you will have the opportunity to work with Campus Partners in order to strategically develop programming designed to engage and enhance the graduate student experience. Diversity Fellows also have the opportunity to work directly with the Access, Diversity and Inclusion office in various recruitment events, including on and off-campus conferences.

For more information including application requirements and deadlines, visit the Access, Diversity and Inclusion website at https://gradschool.princeton.edu/diversity/student-resources/diversity-fellows-program.
The application for the 13th annual Building Engineering and Science Talent (BEST) Symposium, hosted by The Dow Chemical Company, is now open March 1 - April 15, 2019.

The BEST symposium will be held in Midland, MI on July 30 – August 1, 2019. The BEST Symposium introduces doctoral students and post-doctoral scientists from U.S. ethnic minority groups (Hispanic, African American or Native American) to the wide range of rewarding careers in industrial research, particularly, the many opportunities available with Dow, where they create innovation at the intersection of chemistry, engineering, and physics. This conference, developed jointly by Dow’s minority scientists and Ph.D. recruiting team, supports the company’s commitment to a diverse and inclusive work force.

Applicants must be pursuing degrees in:
- Chemistry
- Chemical Engineering
- Materials Science
- Physics
- Or other closely related fields and should be within 18 months of degree completion by the conference date.

To apply for the conference, please visit The Best Symposium website. All applications are due by April 15th, 2019.

All travel expenses, meals, and hotel accommodations for those selected to participate in the BEST Symposium will be paid for by Dow.

For further information, please contact the symposium chair Vennesa Jansma.

FSI 2 U
Distance Mentor Job Description
Summer 2019

Summary
FSI 2 U Distance Mentors have the opportunity to teach a six-week, not-for-credit online seminar to a small cohort of incoming first-generation, low-income Princeton students. This critical thinking, reading, and writing course helps prepare students for the academic rigor of the Princeton undergraduate curriculum, while introducing them to key campus resources and a community of peers before their arrival. FSI 2 U is entering its fourth year as a core component of the Freshman Scholars Institute, and we expect to enroll more than 100 students this summer.

In the summer of 2019, FSI 2 U will run for 6 weeks, from July 15-August 23, with an open orientation module from July 10-July 15. Grad Mentors will also attend a training session in late June.

Deadline to apply: Wednesday, March 13th. Click HERE or more information, or contact Dr. Keith Shaw at kmshaw@princeton.edu.
MENTORSHIPS

W.E.B. DuBois Scholars Institute

Seeking Faculty Instructors for Summer Courses

Hosted on the campus of Princeton University, the W. E. B. Du Bois Scholars Institute is a rigorous scholarship and leadership program for high-achieving middle and high school students from underrepresented backgrounds. Visit our website for to view our programs: www.duboisscholars.org.

Job Description

As a member of the faculty, instructors assume primary responsibility for teaching a class of 15 to 20 students. A description of the course can be seen under responsibilities. Courses needing instructors can be seen under Course listings.

Requirements:

- Minimum two years of graduate study is required
- Welcome MBA students, MBA graduates, Ph.D. candidates and Post-doctoral fellows to apply as well
- Two years teaching experience desired
- Experience working with junior high and high school students
- Application process will entail submission of a cover letter, CV, two letters of recommendation and participation in an interview

Terms of Employment:

- Professorship is a five-week position from June 24, 2019 to July 25, 2019.
- Professing will occur two days a week on alternate days for Scholar* courses (Monday – Thursday) for 110 minutes each class. There will be no class on July 4th. A make-up class will occur on Friday July 5th.
- Professing will occur four days a week for Pre-Scholar** courses (Monday – Thursday) for 75 minutes each class. There will be no class on July 4th. A make-up class will occur on Friday July 5th.
- Competitive salary depending upon prior experience and education level.
- Submission of a comprehensive syllabus, lesson plans (including hands on activities, quizzes, test, papers etc.) and listing of required books or readings for students will be required upon hire.

*Scholars courses are for rising 10th – 12th graders, **Pre-Scholars courses are for rising 8th & 9th graders

Contact Information

Applicants are encouraged to apply by submitting a cover letter and CV as soon as possible. Materials will be reviewed until the position is filled. Cover letter and CV’s should be emailed to webboone@aol.com.

For more information, click HERE or visit http://www.duboisscholars.org/.
"She Came Anyway': Graduate Women and the Shaping of Modern Princeton," an exhibition panel and reception

April 11, 2019
4:30-6:00PM, Panel Discussion, Friend Center 006
6:00PM, Reception and Exhibition, Seeley G. Mudd Manuscript Library

The Seeley G. Mudd Manuscript Library is home to the University Archives. Its current exhibition, "Redefining Old Nassau: Women and the Shaping of Modern Princeton," examines the impact of female students on Princeton University. We invite you to a panel discussion, reception, and special exhibition to highlight the experiences of Princeton University's female graduate alumni and students.

As Princeton commemorates the 50th anniversary of the admission of female undergraduates this academic year, Mudd Library's exhibition will also commemorate 50 years of graduate coeducation, beginning in 1961. Princeton's early female graduate students broke the path for the graduate and undergraduate women who would follow them. The event's title is taken from a 1964 letter from an administrator about the first female graduate student in Religion:

"We have our first woman graduate student. In compliance with the policy regarding first year, women, graduate students we did not offer her scholarship aid. She came anyway."

Despite a variety of challenges, many other female graduate students "came anyway." The panelists will discuss these challenges, how they met them, and the changes their relationship with Princeton brought to the institution and themselves. The exhibition following the discussion will include additional materials curated specifically for this event that will highlight the history of women in the Graduate School.

PANELISTS:

Sarah-Jane Leslie  
*Graduate Class of 2007, Philosophy*  
*Dean of the Graduate School*  
*Moderator*

Karina Alventosa  
*Current graduate student, Chemical and Electrical Engineering*

Patrice Jean  
*Graduate Class of 1999, Molecular Biology*

Ann Kirschner  
*Graduate Class of 1976, English*

Katherine Rober  
*Graduate Class of 1980, Music*
